

LALA Lusatian Academy of Living Arts

Funded and run by Fundacja TOHU&BOHU
Supported by The Municipality of Leśna

02-04 October 2026 Symposium & Exhibition

We would like to invite you to join our living art project, LALA (Lusatian Academy of Living Arts), which begins with a gathering and symposium in the heart of Europe.

Together, we will lay the foundations for a future educational programme rooted in living art. Through artistic practices and collective imagination, we seek to explore new ways of being human and new relationships between humans, other forms of life, and the planet we inhabit. These ideas will become the basis of our rural art academy.
